

A woman with dark hair tied back, wearing a green short-sleeved shirt, is smiling and helping a young girl with dark hair in a pink and white patterned dress. They are in a kitchen, standing at a dark countertop. The girl is focused on preparing food, possibly a salad, with various vegetables and bowls in front of them. The woman is leaning over her, assisting. In the background, there are white kitchen cabinets, a built-in oven, and a window with a white frame. On the countertop, there are several items: a pink mug, a white bowl, a dark cup, a whole avocado, a lime, and some bread. The overall atmosphere is warm and domestic.

Investing in our community

**Fortune
Cable Renewal Project**

Why we're doing this

- Hydro Ottawa equipment located in this area is **reaching end of life**
- As a result, it is essential to replace the underground equipment to **maintain the electricity capacity** required to provide power to your community

Overview

- Installation of concrete encased road crossings and 6,000m of buried ducts
- Removal and replacement of 46 transformers located on: Bernice Court, Buckskin Way, Fortune Drive, Jeanne D'Arc Boulevard, Long Bow Gate, Orleans Boulevard, Paddler Way, Snowshoe Crescent, St Dunstons Place, St Jovite Ridge, Saint-Emmanuel Terrace, St-Germain Crescent, St-Jérôme Crescent, St Louis Drive, Ste-Thérèse Lane and Vorlage Drive
- Excavation and replacement of underground cables located in this area
- Project timeline: **August 2024 - December 2025**
- Total customers impacted: approximately **500 homes**

Benefits of taking proactive steps

These adjustments allow for:

- **Improved reliability** of the system to prevent longer unplanned outages in future
- **Reduced impact** of equipment failure
- **Limited effect** of system issues
- **Renewed aging assets** across the community
